

Rape Prevention and Education Grant Program
Preventing Sexual Violence in the United States

Congress passed the Violence Against Women Act (VAWA) of 1994 which established CDC's Rape Prevention Education Program.

RPE funding may be used for:

Educational Seminars

Hotline Operations

Training programs for professionals

Development of information materials

Educational and training programs aimed at preventing sexual violence at colleges

And universities

Education about date rape drugs

Other efforts to increase awareness about sexual violence

The Indiana State Department of Health grants the RPE money to Purdue's CARE Initiative and to the Indiana Coalition Against Sexual Assault.

If interested in joining these efforts in Indiana, contact Mary Pilat, Ph.D.
at 765-494-6871.
